Forecast For Yorkshire & the Humber
Issued by Met Office Exeter
at 1600 on Tuesday 23 Feb 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Windy with rain arriving for some overnight.

This Evening and Tonight:
Overnight will be largely dry and rather windy at first, with locally strong and gusty winds, especially over higher ground. Some outbreaks of rain are likely in the north and west at times, occasionally turning heavier. Remaining mild. Minimum temperature 10 deg C (50 deg F).

Wednesday:
Cloudy with some outbreaks of rain moving slowly southeastwards across all parts during Wednesday. Windy at first, but winds gradually easing through the day. Staying mild. Maximum temperature 13 deg C (55 deg F).

Outlook for Thursday to Saturday:
Early rain clearing southeastwards on Thursday to leave a dry and bright day. Increasingly settled on Friday and Saturday with sunshine and light winds. Mild days but colder nights.
